

# National "TV Turnoff" Week

**April 20-24, 2009**

Activities for all ages

"TV Turnoff Week" will be held throughout the Town of Gilbert during April 20-24. It is a cooperative effort between the Town of Gilbert, community organizations, parents and kids.

Participants are encouraged to look into limiting TV watching, alternative ideas to watching TV, and to participate in a calendar of activities at the local recreation centers in the community that are designed to help families change their TV viewing habit.

The Town of Gilbert is not out to eliminate television use ...

simply to help individuals realize how sometimes TV is allowed to control one's life. The "TV Turnoff Week" program has been designed to encourage individuals to do without TV from one day up to an entire week.

The Town of Gilbert will provide activity choices throughout the week for families. Activities are FREE thanks to local sponsors organizations. For more information about events, please contact Jenifer Ray, at (480) 503-6221.
